CLINIC DESCRIPTION:

The aim of the 2010 clinics is to Bridge the Gap between Classical Riding & Natural Horsemanship. The goals are often quite the same, but because of a lack of understanding there is much confusion & suspicion. Each method has exceptional merit & for the benefit of the horse, deserves at the very least a consideration. If well presented, the horse owner/rider will realize & appreciate that the balanced combination of both methods will bring great rewards.

The Morning Clinics are open to 10 riders only.

This is a great opportunity for horse owners to ride alongside John Saint Ryan & learn his way of working with horses.

Cost per horse/rider combination \$100 per day.

Auditors are invited to watch & learn also, at a nominal cost.

Advance auditor payment \$20 per day. \$25 on the day.

All auditors are welcome to ask questions & use the knowledge gained to take home & help improve the working relationship with their own horse.

PRIVATE LESSONS:

1 hour duration. Cost \$90.00 per lesson
